

New York State Education Department Parent Dashboard

In 2019, The New York State Education Department (NYSED) gathered feedback from parents and stakeholders to guide the work of developing a [Parent Dashboard](#). The purpose of the Parent Dashboard is to increase transparency and make information about school performance and other school-level data easier for parents and the public to access.

The Parent Dashboard is part of [New York's Every Student Succeeds Act \(ESSA\) plan](#), which emphasizes equity in education for all students and expands measures of school accountability and student success.

The Parent Dashboard provides parents with information about their child's school and is available in addition to the New York State School Report Card on NYSED's [public data site](#). The Parent Dashboard offers information on all public schools including charter schools and can be accessed by clicking on the graphic below:

Tell the New York State Education Department what school-level data is most important to you by completing a 5-minute Parent Dashboard survey. The survey is translated into various languages and can be found at the following link:
