

Student Data Privacy and Security

New York State Education Law Section 2-d requires that all school districts provide an inventory of programs used in the school environment on their websites and make such a document publicly available. Schools must also provide a clear description of the various data elements collected by the programs and applications including student, teacher, and administrator Personally Identifiable Information (PII). In addition to the required information, more resources such as legal or regulatory documentation may be added to this public resource further outlining the reasons particular data elements are collected as well as the intended uses. You will find the inventory and a description of the programs currently in use in our schools with links to each company's privacy policies. This public portal will be continuously updated as new security information is received or as new technological applications are integrated into the school environment.

Data Protection Officer

The Data Protection Officer for the district is Michael M. Ferraro, Director of Support Services. Questions, concerns, or complaints about data security should be directed to mferraro@uticaschools.org

Inventory of Applications in Use that are Compliant with NYS Education Law Section 2-D

NYS Education Law 2D (Part 121) requires school districts to take certain steps and employ certain methods to protect our student's and staff data, as well as the computing environment. For a comprehensive list of requirements and expectations, please visit: **NYSED Data Privacy and Security** Parents, eligible students (students who are at least 18 years of age or attending a post-secondary institution at any age), principals, teachers, and employees of an educational agency may file a complaint about a possible breach or improper disclosure of student data and/or protected teacher or principal data. If you believe an unauthorized disclosure has occurred, contact the District Data Privacy Officer, Michael M. Ferraro, mferraro@uticaschools.org

Listed below are websites and/or software vendors the Utica City School District uses in the classroom. Some software are curriculum specific and your child may or may not be using the programs below, or the programs listed may or may not contain or have access to student personally identifiable information (PII). Please contact your child's specific teacher for information about which programs/websites are being incorporated into your child's classroom.

We will continue to update this document as we incorporate new software or applications into the classroom curriculum.

For information on Software Vendor Privacy Policy please use the web addresses below.
